

Emergent BioSolutions Reports Financial Results for Third Quarter and First Nine Months of 2011

November 3, 2011

ROCKVILLE, Md., Nov 03, 2011 (BUSINESS WIRE) --

Emergent BioSolutions Inc. (NYSE: EBS) announced today its financial results for the third quarter and nine months ended September 30, 2011.

Total revenues for the third quarter and first nine months of 2011 were \$58.8 million and \$165.4 million, respectively. Net income for the third quarter 2011 was \$1.5 million, or \$0.04 per basic share. For the first nine months of 2011, the Company realized a net loss of \$5.6 million, or \$0.16 per basic share. The Company also reaffirmed its 2011 guidance for total revenues of \$270 to \$290 million and net income of \$15 to \$25 million.

R. Don Elsey, chief financial officer of Emergent BioSolutions, commented, "During the quarter, we continued to execute on our operating plan. We manufactured and delivered doses of BioThrax into the SNS, we advanced the development of our infectious disease, oncology and autoimmune programs, and we made progress on Building 55 scale up. In addition, we received an award for the supply of 44.75 million doses of BioThrax to the SNS over the next five years, with a total value of up to 1.25 billion dollars. This clearly underscores the government's continued commitment to procure BioThrax as a critical medical countermeasure in the US strategic national stockpile."

3Q and First Nine Months of 2011 Key Financial Results

Product Sales

For 3Q 2011, product sales were \$43.7 million, a decrease of \$23.6 million, or 35 percent, from \$67.3 million in 3Q 2010, due to a 38 percent decrease in the number of doses of BioThrax delivered due primarily to decreased production yield in the period in which the doses were produced. Product sales revenues for 3Q 2011 included BioThrax sales to HHS of \$43.6 million.

For the nine month period of 2011, product sales were \$120.7 million, a decrease of \$41.3 million, or 25 percent, from \$162.0 million in the comparable period of 2010, primarily due to a 29 percent decrease in the number of doses of BioThrax delivered due to the redeployment of potency testing capacity from BioThrax release testing to qualification of replacement reference standards and other development testing during the first quarter of 2011, coupled with decreased production yield in the period in which the doses were produced. Product sales revenues for the nine month period of 2011 included BioThrax sales to HHS of \$119.4 million.

Contracts and Grants Revenues

For 3Q 2011, contracts and grants revenue was \$15.1 million, an increase of \$8.4 million, or 125 percent, from \$6.7 million in 3Q 2010. For the nine month period of 2011, contracts and grants revenue was \$44.7 million, an increase of \$23.8 million, or 114 percent, from \$20.9 million in the comparable period of 2010. The increase in contracts and grants revenue was primarily due to revenues from our contract from BARDA for large-scale manufacturing for BioThrax and our collaborations with Abbott and Pfizer, along with increased activity and associated revenue from our other development contracts with NIAID and BARDA.

Cost of Product Sales

For 3Q 2011, cost of product sales was \$10.7 million, a decrease of \$0.8 million, or 7 percent, from \$11.5 million in 3Q 2010. For the nine month period of 2011, cost of product sales was \$27.8 million, a decrease of \$2.3 million, or 8 percent, from \$30.1 million in the comparable period of 2010. For both periods, the decrease was attributable to the reduced number of doses of BioThrax delivered, largely offset by an increase in the cost per dose sold associated with decreased production yield in the period in which the doses were produced.

Research and Development

For 3Q 2011, research and development expenses were \$29.2 million, an increase of \$8.1 million, or 38 percent, from \$21.2 million in 3Q 2010. This increase primarily reflects higher contract service and personnel-related costs, and includes increased expenses of \$4.5 million for product candidates and technology platform development activities that are categorized in the biosciences segment, increased expenses of \$2.0 million for product candidates categorized in the biodefense segment, and increased expenses of \$1.5 million in other research and development.

For the nine month period of 2011, research and development expenses were \$95.5 million, an increase of \$35.8 million, or 60 percent, from \$59.7 million in the comparable period of 2010. This increase primarily reflects higher contract service and personnel-related costs, and includes increased expenses of \$30.8 million for product candidates and technology platform development activities that are categorized in the biosciences segment, increased expenses of \$3.1 million categorized in the biodefense segment, and increased expenses of \$1.9 million in other research and development.

Selling, General and Administrative

For 3Q 2011, selling, general and administrative expenses were \$17.4 million, a decrease of \$3.3 million, or 16 percent, from \$20.7 million in 3Q 2010. This decrease is primarily due to decreased professional services, including legal and other fees incurred in 2010 related to the Trubion acquisition.

For the nine month period of 2011, general and administrative expenses were \$56.0 million, an increase of \$1.5 million, or 3 percent, from \$54.5 million in the comparable period of 2010. This increase is primarily due to \$2.2 million in restructuring charges related to the Company's UK operations.

Financial Condition and Liquidity

Cash and cash equivalents combined with investments at September 30, 2011 was \$128.8 million compared to \$171.0 million at December 31, 2010. Additionally, at September 30, 2011, the accounts receivable balance was \$49.0 million, as compared to \$39.3 million at December 31, 2010. The accounts receivable balance for both periods is comprised primarily of unpaid amounts due related to shipments of BioThrax accepted by the US government.

2011 Forecast

For the full year 2011, the Company is reaffirming its financial forecast of total revenues and net income. The Company anticipates total revenues of \$270 to \$290 million and net income of \$15 to \$25 million.

Conference Call and Webcast

Company management will host a conference call at 5:00 pm Eastern on November 3, 2011 to discuss the financial results for the third quarter and first nine months of 2011, recent business developments, revenue guidance for the fourth quarter of 2011 and revenue and net income guidance for full year 2011. The conference call will be accessible by dialing **888/679-8037** or **617/213-4849** (international) and providing passcode **43053629**. A webcast of the conference call will be accessible from the company's website at www.emergentbiosolutions.com, under "Investors".

A replay of the conference call will be accessible, approximately two hours following the conclusion of the call, by dialing 888/286-8010 or 617/801-6888 and using passcode 57789384. The replay will be available through November 17, 2011. The webcast will be archived on the company's website, www.emergentbiosolutions.com, under "Investors".

About Emergent BioSolutions Inc.

Emergent BioSolutions protects and enhances life by developing and manufacturing vaccines and therapeutics that are supplied to healthcare providers and purchasers for use in preventing and treating disease. Emergent's marketed and investigational products target infectious diseases, oncology and autoimmune disorders. Additional information about the company may be found at www.emergentbiosolutions.com.

Safe Harbor Statement

This press release includes forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995. Any statements other than statements of historical fact, including statements regarding our strategy, future operations, future financial position, future revenues, projected costs, prospects, plans and objectives of management, including any potential future securities offering, our expected revenue and net earnings for 2011, and any other statements containing the words "believes", "expects", "anticipates", "plans", "estimates" and similar expressions, are forward-looking statements. Such statements are based upon the current beliefs and expectations of management that are subject to risks, uncertainties and other important factors that could cause the company's actual results to differ materially from those indicated by such forward-looking statements, including appropriations for BioThrax^(R) procurement; our ability to obtain new BioThrax^(R) sales contracts or modifications to existing contracts; our plans to pursue label expansions and improvements for BioThrax^(R); our ability to perform under our current development contracts with the U.S. government; our plans to expand our manufacturing facilities and capabilities, including our ability to develop and obtain regulatory approval for large-scale manufacturing of BioThrax^(R) in our large-scale vaccine manufacturing facility in Lansing, Michigan; the rate and degree of market acceptance of our products and product candidates; the success of preclinical studies and clinical trials of our product candidates and post-approval clinical utility of our products; the potential benefits of our existing collaborations and our ability to selectively enter into additional collaborative arrangements; the extent to which our licensing and acquisition activities are complementary to the company or whether anticipated synergies and benefits are realized within expected time periods; our ability to identify and acquire or in-license products and product candidates that satisfy our selection criteria; ongoing and planned development programs, preclinical studies and clinical trials; the timing of and our ability to obtain and maintain regulatory approvals for our product candidates; our commercialization, marketing and manufacturing capabilities and strategy; our estimates regarding expenses, future revenue, capital requirements and needs for additional financing; and other factors identified in the company's Quarterly Report on Form 10-Q for the quarter ended June 30, 2011 and subsequent reports filed with the SEC. The company disclaims any intention or obligation to update any forward-looking statements as a result of developments occurring after the date of this press release.
