Item 1.01. Entry into a Material Definitive Agreement.

On December 30, 2009, Emergent BioDefense Operations Lansing Inc. (“Emergent BioDefense Operations”), a wholly owned subsidiary of Emergent BioSolutions Inc. (the “Registrant”), entered into a Loan Agreement (the “New Loan Agreement”) with HSBC Realty Credit Corporation (USA) (“HSBC”) in order to refinance its \$30 million term loan with HSBC (the “Original Term Loan”) under a prior loan agreement entered into on June 29, 2007 (the “Original Loan Agreement”). Additional information regarding the New Loan Agreement is set forth below in Item 2.03 and is incorporated by reference in this Item 1.01 in its entirety.

Item 1.02. Termination of a Material Definitive Agreement.

In connection with entering into the New Loan Agreement, on December 30, 2009, Emergent BioDefense Operations and HSBC terminated the Original Loan Agreement under which HSBC had provided Emergent BioDefense Operations with the Original Term Loan. Emergent BioDefense Operations was required to make monthly payments under the Original Term Loan in the amount of \$250,000 in principal plus accrued interest beginning in August 2007, with a residual principal payment due upon maturity in June 2012. The annual interest rate was based on 30-day LIBOR plus 2.75%.

Item 2.03. Creation of a Direct Financial Obligation or an Obligation under an Off-Balance Sheet Arrangement of a Registrant.

The information set forth in Item 1.01 above with respect to the New Loan Agreement is incorporated by reference in this Item 2.03 in its entirety.

Under the New Loan Agreement, HSBC provided Emergent BioDefense Operations with a term loan of \$22.75 million (the “New Term Loan”), which was approximately the amount of principal remaining under the Original Term Loan as of December 30, 2009. Emergent BioDefense Operations is required to make monthly payments under the New Term Loan in the amount of approximately \$126,000 in principal plus accrued interest beginning in January 2010, with a residual principal payment due upon maturity in December 2014. The annual interest rate is based on 90-day LIBOR plus 3.25%. The Registrant has guaranteed the payment obligations of Emergent BioDefense Operations relating to the New Term Loan. In addition, payment of the New Term Loan is secured by substantially all of the assets of Emergent BioDefense Operations, other than accounts receivable under BioThrax supply contracts with the U.S. Department of Defense and U.S. Department of Health and Human Resources that are pledged as collateral by Emergent BioDefense Operations to secure a \$15 million revolving line of credit with Fifth Third Bank.

Payment obligations relating to the New Term Loan may be accelerated upon the occurrence of an event of default under the New Loan Agreement. Events of default under the New Loan Agreement include, subject in some cases to specified cure periods, payment defaults; inaccuracy of representations and warranties in any material respect; defaults in the observance or performance of covenants; bankruptcy and insolvency related defaults; events of default under certain other indebtedness; the entry of one or more final judgments for the payment of more than \$1 million that are not satisfied within 60 days; uninsured loss or destruction of a material portion of the collateral; invalidity of loan documents relating to the New Term Loan; unauthorized payment of subordinated creditors; and the occurrence of a material adverse change in financial condition.

The New Loan Agreement contains affirmative and negative covenants customary for financings of this type. Negative covenants in the New Loan Agreement limit the ability of Emergent BioDefense Operations to incur indebtedness and liens; sell assets; make loans, advances or guarantees; enter into mergers or similar transactions; and enter into transactions with affiliates. The New Loan Agreement also limits the ability of the Registrant to incur indebtedness and liens; enter into mergers or similar transactions; and enter into transactions with affiliates.

Emergent BioDefense Operations paid HSBC a commitment fee of approximately \$57,000 in connection with the establishment of the New Loan Agreement.

SIGNATURE

Pursuant to the requirements of the Securities Exchange Act of 1934, the registrant has duly caused this report to be signed on its behalf by the undersigned hereunto duly authorized.
